## MASTERING AND SOUND ENGINEERING

### PRICELIST JANUARI 2012

#### HI END MASTERING

Your tracks will be mastered with only the best analog and digital equipment by our highly skilled mastering engineer with golden ears. All tracks will be processed individually and after the mastering process they will sound warm, rich and equal in level and tone and all starts and ends of tracks will be taken care of. Even digitally produced music will sound warm and rich thanks to our unique analog processing chain.

| amount of tracks | price  |
|------------------|--------|
| 1 track          | €35,-  |
| 2 tracks         | €70,-  |
| 3 tracks         | €105,- |
| 4 tracks         | €140,- |
| 5 tracks         | €175,- |

Additional mastering of single/radio edits of the exact same mix € 15,- per track

Delivery on fully error-checked PMCD + 1 reference CD € 25,-

Delivery as a fully checked DDP with MD5 checksum € 35,-

If you have an album or more than 5 tracks to be mastered, please contact us first.

We can offer you a fixed price or price-indication which is always better than the per track price.

Attended mastering will be charged at €70,- per hour including engineer and brilliant, handmade espresso or cappuccino and a private mini fridge at the reach of a hand.

#### MID END MASTERING

We only offer Mid-end mastering (ITB= In The Box) as an online mastering-service with full online ordering, payment and uploading. We don't do revisions with Mid End mastering and there is a minimum amount of 2 tracks.

Payments can be done by Ideal or paypal.
